Announcement of an EX11000 Series trade-in opportunity

Effective immediately, we are offering all interested EX11000 customers an opportunity to trade in their EX11000 for 10% credit towards the purchase of any MK-series tester (MK.1, MK.2, or MK.4). This special will be available through March 31st, 2009.

The Thermo Scientific EX11000 series has been a very reliable system over the years and will continue to be sold and supported through our service contract offerings. Customers who currently own both MK-series and EX11000-series testers can take advantage of this opportunity to convert their test capacity to a homogenous set of testers.

If you currently own a Thermo Scientific EX11000 series Test system, please contact your local representative or distributor to discuss this available trade-in program. If you have immediate concerns or questions, please contact Randy Wertz directly at 978-935-9388 or by email at Randy.Wertz@thermofisher.com.

Thank you for your business. We look forward to the opportunity to continue to serve you in the future.
