

Purchase a Thermo Scientific Orion high performance ammonia electrode and receive a FREE package of three pre-assembled outer body and membrane cap assemblies – up to a \$ 55 value!

FREE Pre-assembled Outer Body and Membrane Cap

Promotion valid through
April 30, 2008*

FREE Electrode Accessory

Buy a Thermo Scientific Orion high performance ammonia electrode, Cat. No. 9512HPBNWP, and receive a free package of pre-assembled outer body and membrane cap assemblies, Cat. No. 951215. Each package contains three pre-assembled outer body and membrane cap assemblies.

Enjoy optimum performance while maximizing efficiency and easy of use with the pre-assembled outer body and membrane cap assemblies.

Orion 9512HPBNWP Benefits

- Accurate results down to 0.01 ppm
- Rapid response for increased sample throughput
- Durable chemical resistant body
- Translucent body with fill line allows user to monitor fill solution and makes maintenance easy
- Keying feature on body protects membrane for longer life
- Provides ease of use with option of pre-assembled outer body and membrane cap assemblies
- New wastewater applications developed using known addition or direct measurement for ammonia concentrations as low as 0.01 ppm

* Limited time only, while supplies last, offer commencing December 1, 2007 and is valid for all customers. Products will be drop shipped from the factory to the end user. This offer may not be combined with any other coupon, discount or package. This promotion must be mentioned to receive the offer. This offer applies only to the products listed and purchased after December 1, 2007. All prices are in U.S. dollars. This offer may be discontinued at any time and is void where prohibited by law or company policy. Offer expires April 30, 2008. Please allow 4-6 weeks for delivery of promotional product.

Ordering Information

9512HPBNWP	High performance ammonia electrode with waterproof BNC connector and 1 meter cable. Electrode includes 20 loose membranes (951214), 1 pre-assembled outer body and membrane cap (951215), 60 mL bottle of electrode filling solution (951209), spout cap and tweezers.
951209	Ammonia electrode filling solution, 60 mL
951011	Low level ISA for ammonia electrode, 475 mL
951211	ISA for ammonia electrode, 475 mL
951214	Loose membranes for high performance ammonia electrode, box of 20
951215	Pre-assembled outer body and membrane cap for high performance ammonia electrode, pack of 3
