Subject: Global Discontinuation of Thermo Scientific Model 2800 ASAP Bioaerosol Sampler Announcement #20090918-2800

Dear Customer,

We wish to notify you of the pending discontinuation of the Thermo Scientific Model 2800 ASAP Bioaerosol Sampler product line. There is no direct replacement for this product.

Production of the Thermo Scientific Model 2800 ASAP Bioaerosol Sampler will cease on October 31, 2009, at which time orders for the product will no longer be accepted.

However, there may be some remaining inventory available for final sale beyond this date. Those interested should contact our customer service team at 866-282-0430 for discussion.

Thermo Fisher Scientific stands behind its Model 2800 ASAP Bioaerosol Sampler, and we intend to provide service parts support and accessories for affected models, based on availability, for the next two years (ending October 31, 2011).

We look forward to the continuing opportunity to serve our Model 2800 ASAP Bioaerosol Sampler Customers, and toward assisting them through this product transition.

Sincerely,

Alan Matta
Product Manager
